In re Application of: Mehmet Sayal, et al.
Application No. 10/066,238
Filed: January 30, 2003
Attorney Docket No.: 10010317-1
For: TRADING PARTNER

METHOD AND SYSTEM

PETITION TO INVOKE
SUPERVISORY AUTHORITY
UNDER
37 C.F.R. 1.181

This is in response to applicant's petition filed on June 19, 2008 requesting reconsideration of the Petition decision mailed June 4, 2008 which denied the petition filed May 15, 2008 to have the U.S. Patent 7,043,687 to Knauss reference removed as prior art.

The petition is **DISMISSED AS MOOT** as detailed below.

Petitioner's argues that the petition decision mailed on June 4, 2008 failed to address "the substantive merits of Applicants' remarks pertaining to the propriety of swearing behind Knauss's actual filing date." Petitioner further argues that the Examiner can not rely on Knauss's provisional date as the effective U.S. filing date because the provisional fails to disclose the subject matter of Applicant's claims.

MPEP 715.08 states:

"The question of sufficiency of affidavits or declarations under 37 CFR 1.131 should be reviewed and decided by a primary examiner.

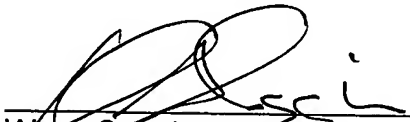

Review of questions of formal sufficiency and propriety are by petition >filed under 37 CFR 1.181<. Such petitions are answered by the Technology Center Directors (MPEP§ 1002.02(c)).

Review on the merits of a 37 CFR 1.131 affidavit or declaration is by appeal to the Board of Patent Appeals and Interferences."

The present petition addressing "the substantive merits of Applicants' remarks" clearly represents a review on the merits and therefore is not a petitionable issue but rather requires an appeal to the Board of Patent Appeals and Interferences. Accordingly this petition is **DISMISSED AS MOOT**.

Any questions concerning this decision should be directed to James Kramer at (571)
272-6783.

Summary: *Petition DISMISSED AS MOOT as detailed above.*
